

Prolonged unprotected exposure to heat may be detrimental to the appearance or long term performance of the wall lining. The DS Series Extended Trim Kit is to protect the exposed edges from the direct heat from the fire.

Cabinetry Detail

scale 1:1

This detail is applicable for:
DS1900

Notes:

- DO NOT SCALE OFF THESE DRAWINGS
- All dimensions are in mm.
- This detail is to assist in the installation of a **frameless finish** to the DS1900 Gas Fire.
- Cabinetry panel can be directly bonded to the outer metalwork of the appliance.
- **Do not excessively push back lining when fixing it to the fire chassis** - use large daubs of adhesive to the appliance chassis, apply lining and flush finish with edge of the fire reveal.
- Black fireplace reveals must be able to be removed - ensure any adhesive or compound is kept clear.
- This technical sheet must be read in conjunction with the Escea DS Series Installation Manual, the latest version can be found on our website at www.escea.com.

GENERAL CONSTRUCTION AND FINISHES SHOWN INDICATIVE ONLY
